SHANNON SCOTT DESIGN COMPLETES ECO-FRIENDLY INTERIORS FOR “THE BENCH”— A NEW WINE TASTING ROOM IN LOS OLIVOS

Los Olivos, Santa Barbara County, California-- Shannon Scott Design (SSD) has recently completed the interiors for **The Bench**, a new Los Olivos wine tasting room owned by Barbara Banke and Jess Jackson. The tasting room features local wines from Byron, Cambria, Kinton and IO. (www.thebenchwines.com)

Shannon Scott remarked, "My fusion of new and used environmentally sustainable materials creates what I call a Modern Rustic+ atmosphere, which reflects the diverse personality of the various wines.+ Reclaimed and sustainably harvested woods are featured in various applications throughout, along with no VOC (Volatile Organic Compounds) paint, low VOC finishes, natural fibers, recycled materials, and low voltage lighting.

Local contractor, **Allen Associates**, teamed up with SSD to provide construction services.

About SSD

Shannon Scott Design is a Los Olivos, California based, international interior design boutique focusing on environmentally conscious Hospitality and Residential interiors emphasizing the creation of Sacred Spaces...personal sanctuaries...for all who inhabit and dwell within them. Other SSD design projects include the Montecito Inn, University Club of Santa Barbara, Buellton Marriott, Tre Anelli Wine Tasting Room, Consilience Wine Tasting Room, and Epiphany Cellars, as well as numerous private residences, including a 10,000 square foot castle in Newfoundland, Canada.
